D. Management & Organization Structure

General Body

E. Projects / Assignments handled with outcome & Impact:

Various Activities Details of the Organisation

1. Watershed Area Development Programme:

Organization has implemented watershed development programmes under D.P.A.P-DRDA, AWO-Indo-German, I.G.W.D scheme of Nabard-Mumbai. We have constructed earthen dams, cement plugs, loose bolder structures, Tree plantation etc. All these work done with 20% labor contribution obtained from the people. We have formed Farmer's club and Watershed committee under this project. Organization has organized various training programmes for capacity building. That resulted in increasing their participation in the development of the villages.

2. Dry Land Small Farmers Livelihood Promotion:

Dry Land Small Farmers livelihood Programme was implemented under AWO-Germany funds through AFARM -Pune. This project was implemented at Sharad, Mohadari, Pofalani, Warni and Shivra villages of Kalamb and Ralegaon blocks. Total 291 small farmers from five villages were participated in this programme. Training programme was organized for these farmers. Training was extended on capacity building, skill training, Agriculture produce and literacy. Exposure visit was also organized.

We have formed various sub-committees under this project like Krushi Vgyan Mandal, Agri equipment Samiti, Agri. Produce Samiti and Self Help Groups-SHGs. Framers have done soil conservation work in their fields. They contributed share their labor 20% and remaining 80% have been paid.

Revolving fund was given to Krushi Vgyan Mandal on their responsibility. Agriculture equipment bank was formed to use these tools in their fields. SHGs have been provided funds to start their income generating programme. Cotton and Soya bin Seed and bio-manure were provided to farmers. Farmers have been guided to take more production by adopting low cost methods.

Exposure visits were organized were farmers have done ideal work in this regard. Technical expert has been appointed to provide services / guidance to the farmers on their doorstep..

Following are the benefits of the project.

- Farmers save their money by adopting low cost methods.
- Organic farm produce get market
- Financial support on low interest rate.
- Women earned money by doing IGP activity.
- Sub-Committee members have executed their own power.
- Villagers get opportunities of income on soil conservation works.

3. Promotion and Strengthening of Women's Self Help Groups:

Organisation has formed 250 self help groups of below poverty women -BPL- comprising near about 3000 women in Ralegaon, Kalamb and Maregaon tahsil of Yavatmal district and Korpana Tahsil of Chandrapur district. Organisation has been formed groups and organized various types of training programmes on management of SHGs, accounts keeping and income generating activities. SHGs have been obtained loans from District Rural Development Agency-DRDA- for their income generating activities. Family incomes of SHG members have been increased. They have been given due status in the society. They have developed leadership qualities.

Women have been empowered economically, socially and politically through Self Help Groups. We strongly believe that Organisation have done successful and remarkable work in this regard.

4. Rural Sanitation and Water Supply:

The project titled as 'Jalswaraj' financially supported by World Bank, through Government of Maharashtra and implemented by local level bodies. The purpose of this project is to get villagers pure and sufficient water throughout the year with the collective efforts of villagers. ISAR have implemented this programme in two districts. In Wardha district 16 villages of 5 blocks and Chandrapur district 19 villages of 6 blocks. In Jalswaraj project Padoli village have implemented big project in Maharashtra state, for which Padoli village obtained award also.

Jalswaraj project also includes following things.

- Planning of water supply of whole village.
- Distribution of water through laying pipeline for each house.
- People's labor contribution 16% compulsory.
- Women's empowerment through formation of Self Help Groups.
- Capacity building through organizing training programmes and also organizing exposure visits where this type of work done.

- Rural Sanitation programme by constructing latrines each every house and dug soak pits for drainage of waste water.
- Gender equality
- Water use management

The purpose of this project is to realize villagers that village cleanliness is their own responsibility. Some villages who have done good work, they got 'Nirmal Gram'prize.

5. Eye checking up and Awareness:

ISAR have been organized eye checking camps at tahsil level Rural Hospitals at Yavatmal. Kalmb and Maregaon especially for old age people. Eye Specialist Dr. Anjali Dabhere checked 2000 patients and out of 977 cases has been operated and got them new sight. Total 5 camps at tahsil level and one district level camp were organized.

6. Propaganda of Organic Farming:

ISAR have been organized organic farming campaign with the financial and technical support from Taluka Agriculture officer. Total 105 farmers from Chichmandal, Dapora and Khairgaon villages of Maregaon block were participated. Training programme was organized for these farmers. Farmers have been convinced the importance of organic faming. Vermy compost units have been started and produce bio-manure.

The land fertility has been reduced due to over use of chemical fertilizers and pesticides. ISAR have organized training for farmers in which they have given inputs on organic farming, bio-diversity ,crop pattern and crop selection.

7.Training on small scale industry:

Organisation has been formed total 630 self help groups-SHG- in Wardha, Yavatmal and Chandrapur districts. Training programmes were organized on small scale industry. Near about 40% SHGs have done bank linkage for

financial support for Income generating units. Women are now marching ahead towards the progress.

8. Family Counseling Centre:

Organisation has been started family counseling centre at Margaon. Total 11 couple's family dispute settled through this centre till date. Dr. Jyotitai Gundawar is the President of this centre.

We have also conducted survey in this area with a view to collect data on this issue and solve the family disputes.

F. Current Programs (Brief)

- ***Community Based Rehabilitation of Persons with Disability***

Project duration from the year 2012 to ongoing

Funding Agency: Caritas India

Total cost of the project: Rs. 44,00,000

Total 368 families of persons with disability from 32 villages benefited.

- ***Verification of Open Defecation free Villages.***

Project duration from the year 2014 to ongoing

Funding Agency : Zilha Parishad

Total cost of the project: Rs. 6, 00,000

Total 174 Villages Verified till date.

G. Domain knowledge & experience in following of the components:

Grassroots Mobilization:

ISAR has been done grassroots mobilization through various programmes from its inception from 1994.

Following are major programmes like:

- **Watershed Development programme** has been implemented in tribal area with the support of INDO-GERMAN. We have done efforts to organize and aware villagers to participate in this programme. This

resulted in involving total 100% tribal population of the villages. Villagers were strengthened through involving them in various committees' forms under this programme and forming women's Self Help Groups. Watershed Development work has been done in 3,300 hectares that benefited 530 Farmers.

- **Organic Farming** is the need of time. ISAR has done awareness in this regard through organizing training programmes and exposure visits. They have been guided and gave technical inputs on organic farming. We have formed Krushi Vigyan Mandal (Farmers Club) on village level. ISAR have given revolving funds to these clubs.
- Total 264 families have benefited in this programme.
- ISAR have been formed **Self Help Groups-SHG**s- of women under BPL families. Women are trained in smooth functioning of SHGs. They were also empowered socially, economically and politically through organizing various capacities building programming. Women have started their Income Generating programmes. Total 3300 women members are involved in this programme.

I- SAFE initiatives Programme

Here with we are certifying that, Syngenta India Pvt. Ltd Pune and Institute of Social Awareness and Reform (ISAR), has been actively working in Yavatmal district and implemented I- SAFE initiatives programme 2022-23 with coordination with The District Collector office, Agriculture department, and Zilha Parishad. I would like to thank them for organizing farmers training and awareness programme in the grassroots level to promote farmers health, safety and responsible use of pesticides and has provided personal protective kits to ensure the same.
